

1. Share It With You

A brand new day has dawned It's time to ring the bell How will the day unfold You can never tell But I know that we will Sing and learn and play And now that we're together We'll rock the day away, we'll sing...

Na-na-na-na-nah
The day has just begun
So much for us to do
Out underneath the sun, and we'll sing
Yeah, yeah, yeah
Everything is new
And it's great just to share it with you

It's great just to share it with you It's good just to share it with you

Activity Suggestions

Start each day off with this rockin' tune and allow the kids to create their own movements. While sitting or standing they can clap hands, pat laps, or a combination of things. The chorus is easy to learn and allows everyone the chance to sing along. Just before the chorus, have the kids put their hands in the air and sing the words, "We'll rock the day away," with Stephen. Use this song as an opportunity to discuss concepts of togetherness, friendship and sharing.

2. Well Hello

Well hello, how are you
Don't you know we've got some
rockin' to do
So come on everybody
Start rockin' your knees now

Well hello, how've you been It's great, yeah, just to see you again So come on everybody Start rockin' your head now

Once you start rockin'
Ooh, you start rollin'
It moves from your head to
your toes now
Hands start clappin'
Feet start tappin'
It moves from your palms to
your soles now

Show one hand, show me two Won't you show me now what they can do So come on everybody Start rockin' your hands now

Once you start rockin'
Ooh, you start rollin'
It moves from your head to
your toes now
Hands start clappin'

Feet start tappin' It moves from your palms to your soles now

Na-na-na-na-nah-na-na-nah Na-na-na-na-nah-na-na-nah Na-na-na-na-nah-na-na-nah Na-na-na-na-nah-na-na-nah Na-na-na-na-nah-na-na-nah Na-na-na-na-nah-na-na-nah Na-na-na-na-nah-na-na-nah

Well hello, how are you
Don't you know we've got some
rockin' to do
So come on everybody
Start rockin' your shoulders
Start rockin' your elbows
Start rockin' your tummy
Start rockin' your hips
Start rockin' your feet
Start rockin' your whole body

Activity Suggestions

Another musical way to start your day with directed movements that let kids rock different parts of their body: Knees, Head, Hands, Shoulders, Elbows, Tummy, Hips, Feet. When Stephen says to "start rockin" a particular body part, you can wiggle it, shake it, twist or move it however

you choose. Have the children wave to someone when Stephen says, "Well Hello." During the chorus, have the children point to or move their heads and toes when Stephen says, "It moves from your head to your toes." Have them point to or move their palms/hands and feet when he says, "It moves from your palms to your soles."

3. Groovin' To The Music

First you get to swayin'
Start your body swayin'
Move your body side to side
Then you get your hands up
Swayin' with your hands up
You're on a groovin' musical ride
Everybody's swayin' from side to side
Everybody jump on this musical ride
We're swayin' to the left
We're swayin' to the right
Now you're really, really feelin'
the groove
Groovin' to the music
Groovin' to the music

Next you start rollin' Hands and arms are rollin' Rockin' and rollin' along Then you add some clappin' Roll your arms then clap them Roll and clap your hands to this song Everybody's rollin' and clappin' along Rockin' and rollin' to this groovin' song We're rollin' and clappin' Clappin' and rollin' Now you're really feelin' the groove Groovin' to the music Groovin' to the music lt's time to wave your arms so slow and long Come on and move so slow before the slow is gone

Last you move your shoulders First one then the other Move your shoulders up and down Then your heads a boppin' Get your head to boppin' Back and forth and all around Everybody's shoulders move up and down Everybody's heads are boppin' all around We're movin' and boppin' Boppin' and movin' Now you're really feelin' the groove Groovin' to the music Groovin' to the music Swayin' to the music Rollin' to the music Clappin' to the music Movin' to the music Boppin' to the music

Activity Suggestions

This is one of the more challenging movement songs included on Rock The Day Away. It asks the children to move two different ways at the same time. The first verse asks the kids to put their arms in the air and sway back and forth. The second verse asks them to roll their arms and clap their hands. Start counting the beats from the first word of the second verse like this: 1-2-3-4. You'll know that you counted correctly if your 4 comes on the "n" of the word "rollin'."Roll your arms on beats 1-2-3 and clap your hands on beat 4. A variation would be to roll on beat 1, clap on beat 2, roll on beat 3 and clap on beat 4. The third verse asks them to move their shoulders and their head. Let the kids explore other ways they can "groove" or move to the music.

4. Rock The Day Away

Everybody say hey - HEY
We're gonna rock the day away
Come on and say hey - HEY
It's a rockin' way we all can play
This game can be easy for you
But you've got to listen close
Say everything I do
And say hey - HEY
We're gonna rock the day away

Say whoa-yeah - WHOA-YEAH Nah, n-n-n-nah, nah - NAH, N-N-N-NAH, NAH Hey, hey, hey - HEY, HEY, HEY Woo-hoo-hoo - WOO-HOO-HOO

Don't you know before this day is through You and I have got some rockin' There's just no stoppin' us We've got some rockin' to do

Chorus

Say, I like me - I LIKE ME And I like you - AND I LIKE YOU My friends in school - MY FRIENDS IN SCHOOL And my teacher, too -AND MY TEACHER, TOO

Don't you know before this day is through You and I have got some rockin' There's just no stoppin' us We've got some rockin' to do

Chorus

Activity Suggestions

If the kids are ready to rock the room, then close the doors and put on this little diddy. After it starts, all you have to do is say, "HEY!", and whatever else Stephen tells you to say. During the second section of call and response activities, have the children point to the appropriate person(s): Me, You, Friends and Teacher. You can do this sitting, standing, on the playground or most anywhere. Whatever you do...Just do it! This activity song is great for "air bands." Divide your class into small groups and let the different "air bands" lead the rest of the class in the chants and responses. ROCK THE DAY AWAY!

5. Come On Get Happy

Hello world here's a song that we're singin' Come on get happy A whole lot of lovin' is what we'll be bringin' We'll make you happy

We had a dream
We'd go travlin' together
And spread a little lovin' if
we'll keep movin' on
Somethin' always happens
whenever we're together
We get a happy feelin' when
we're singin' a song

Travelin' along there's a song that we're singin' Come on get happy A whole lot of lovin' is what we'll be bringin' We'll make you happy

Repeat First Verse

We'll make you happy We'll make you happy

Activity Suggestions

This will be a fun sing-along for your classroom and a good starter for a discussion on feelings. Consider using this during Parent Night performances.

6. The Lunchtime Rap

I'm hungry
I'm in the mood
I'm starvin'
And I need food
My fork is ready to eat
My teeth are chompin' to the beat
My drink is slidin' down my throat
Down to my belly, mmm
I think lunchtime is the most

fun each day
All day, all day everybody say
Hip, hip, hooray for _____
Hip, hip, hooray for _____

It's the lunchtime rap, yeah Lunchtime here we come

Activity Suggestions

This rap is easy to learn and fun to chant and can be personalized for every class that uses it. When you hear Stephen say, "Hip, hip, hooray for ..." simply add your name and the word class after it. Ex: Hip, hip, hooray for Mrs. Jones' class. You can also use "...Our Class," "...Ist Grade" or your school mascot. You can use this rap as the signal to get ready for lunch. If you have a small CD player, you can also take this rap with you on your way to lunch so that everyone knows your cool class is on their way to lunch.

7. Teacher You've Got To Move

Teacher, teacher You've got to move Come on, come on You've got nothin' to lose

So twist your hips Come on kids you do the same Teacher, teacher, teacher twist your hips Everyone say your teacher's name

Teacher, teacher You're lookin' good Shakin' it up like we knew you could

So shake your hands Come on kids you do the same Teacher, teacher, teacher shake your hands Everyone say your teacher's name

Teacher, teacher
You're lookin' cool
But please remember that you're
still in school
Teacher, teacher
We'll give you a hand
We're gonna be your little
rock 'n roll band

So shake your head
Come on, come on and shake your head
Shake it every which way
Come on, come on kids you do the same
Teacher, teacher, teacher shake your head
Everyone say your teacher's name

Teacher, teacher You've got to move Come on, come on You've got nothin' to lose

So twist your hips now
Come on kids you do the same
Teacher, teacher, teacher twist your hips
Come on, come on, come on, come on,
come on and twist a leg
Come on kids you do the same
Come on kids you do the same
Come on kids you do the same
Well, twist your whole body
Everyone say your teacher's name

Activity Suggestions

This is a movement song teachers can call their very own. A chance for you to be the star! Simply follow the lyric directions and have the kids copy everything you do. During the guitar solo, you can be creative and do one of your favorite movements or dances. After each section, the kids will have the opportunity to say your name when Stephen says, "Everyone say your teacher's name," further validating your star status in the classroom and school! "You've got nothin' to lose," so have fun and model excitement for the kids and they will have a great time watching their favorite teacher "shakin' it up!"

8. Hello Goodbye

We say yes and I say no We say stop and I say go, go, go Hello

You say goodbye and I say hello Goodbye, Hello Opposites are words that everyone should know Goodbye, Hello Everytime you say goodbye I say hello

We say fast and I say slow
We say high and I say low, low, low
Hello
You say goodbye and I say hello
Goodbye, Hello
Opposites are words that everyone
should know
Goodbye, Hello
Everytime you say goodbye I say hello

Good - Bad Happy - Sad Black - White Day - Night

Hello
You say goodbye and I say hello
Goodbye, Hello
Opposites are words that everyone
should know

Goodbye, Hello Everytime you say goodbye I say hello

We say big, I say small
We say short and I say tall, tall, tall
Hello
You say goodbye and I say hello
Goodbye, Hello
Opposites are words that everyone
should know
Goodbye, Hello
Everytime you say goodbye I say hello
Goodbye, Hello
Opposites are words that everyone
should know
Hello ... Goodbye ... Not yet

Near - Far Light - Dark Empty - Full Left - Right Up - Down Over - Under Wet - Dry

Before - After

Activity Suggestions

This is a tune that will assist you in introducing or reinforcing the concept of opposites. In addition to being a fun song to sing, Stephen and the kids give children examples of opposites they can memorize. Have the children write or dictate a

story using the opposites concept. Ex: "There once were two brothers named Happy and Sad, or High and Low..." Before or after the song, throw out an "opposite word" and see if the children can give you the "opposite word" answer.

9. Let's Shake It Out

You're feelin' antsy Kind of dancey You've got some ants in your pants You didn't choose them You want to lose them Time to do a shakin' dance

You're feelin' squirmy

Get the shakes in your hips Come on get the shakes in your legs Come on get the shakes in your feet Come on now let's shake it out

Kind of wormy
You can't sit still
You want to stop now
But you don't know how
I know something that will
Get the shakes in your hands
Come on get the shakes in your
shoulders
Come on get the shakes in your tummy

Come on now let's shake it out

You've got to twist and turn to shake it out Cause that's what shakin's all about

You feel a tingle
The wiggles mingle
Crawling on your face
They're excited
They're uninvited
Shake them off all over the place

Get the shakes in your head

Come on get the shakes in your hair
Come on get the shakes in your ears
and your eyes and your nose
and your mouth
Come on now let's shake it out
Let's shake it out
Shake it out
Shake your arms
Shake your legs
Shake your body
Come on now let's shake it out

Activity Suggestions

This "verbal picture" song can be used anytime your kids have got "ants in their pants." The lyric directions are very specific and ask the children to shake different parts of their body. This tune

covers the head, the upper and lower body and is guaranteed to get the wiggles out completely.

10. Pots 'n Pans Rock 'n Roll Band

Now everybody gather 'round And get yourself a pan or pot One for every girl, one for every boy Now find a stick or wooden spoon Something you can bang alot Now is the time, this is the time when we make some noise

We've got a pots 'n pans rock 'n roll band We've got a pots 'n pans rock 'n roll band Come on baby show me how you play them now Come on baby show me how you play them now Come on baby show me how you play them now Rap, tap, thump, whump, pat 'em, bat 'em, yeah Bang them anyway you can Cause we're havin' fun playin' in a pots 'n pans rock 'n roll band

Now listen everybody It's time for you to join the fun I'm gonna play some rhythms You copy them when I am done

Let's try a couple more Now everybody gather 'round And get yourself a pan or pot One for every girl, one for every boy Now find a stick or wooden spoon Something you can bang alot Now is the time, this is the time when we make some noise

We've got a pots 'n pans rock 'n roll band We've got a pots 'n pans rock 'n roll band Come on baby show me how you play them now Come on baby show me how you play them now Come on baby show me how you play them now

Rap, tap, thump, whump, pat 'em, bat 'em, yeah Bang them anyway you can Cause we're havin' fun playin' in a pots 'n pans rock 'n roll band Playin' in a rock 'n roll band Bangin' on our pots 'n pans We're a pots 'n pans rock 'n roll band

Activity Suggestions

If you or your kids have some old pots and pans at home, bring them to school because you'll need them for this song! You can start off banging from the first beat, but if you want to wait, there is a section in the middle that challenges the kids to copy rhythms played on pots and pans. You'll hear a rhythm pattern followed by a blank spot that the children should fill in. You may be able to find used pots & pans at a nearby thrift store. If not, simply use rhythm instruments or "something you can bang alot." You might even consider turning this into an art project and let the children paint their pots and pans. Whatever you

do, be sure to close the door and have fun!

11. Clean Up Freeze

We've got to clean up our room Don't need a dust pan or broom We've got to put things away My favorite time of day

Now everybody clean the room 'til I say freeze

Well hey, now listen up It's time to straighten up our room Got to clean it up, ooh Got to tidy up We can work together to this

rockin' little cleanin' up tune Got to clean it up, ooh Got to tidy up Everybody clean the room 'til I say freeze Well hey, yeah, this is fun No, no, no we're not done This cleanin' party has just begun Your two feet and hands will do Keep on workin' 'til we're through We'll clean this mess until there's none Everybody clean the room 'til I say freeze

Now freeze Hey, now this is fun - freeze No, no, no we're not done - freeze This party has just begun - freeze Clean this mess until there's none Everybody clean the room 'til I say freeze

We've got to clean up our room Don't need a dust pan or broom We've got to put things away My favorite time of day Everybody clean the room 'til I say ...

We've got no time to stop It's time to shake and bop Everybody

We've got to put things away We've got to put them away Now everybody clean the room 'til I say freeze

Activity Suggestions

Use this "rockin' little cleanin' up tune" to motivate your kids during clean up time. It's also a fun "freeze game" they can play while working. All you have to do is clean the room until Stephen says, "FREEZE!" When the music starts again, start moving and cleaning. For a little added fun, bring your camera and catch the children on film in some funny Clean Up Freeze poses.

12. Let's Rock The Vowels

Let's rock the vowels
With a rockin' sound
Let's rock the vowels
You hear them all around
We'll say them short and long
With a rockin' song

Repeat Verse

Let's say them long A, E, I, O, U Let's rock the vowels A - A - A - A E - E - E - E |-|-| O U - U - U - U - U - U

Let's rock the vowels With a rockin' sound Let's rock the vowels You hear them all around We'll say them short and long With a rockin' song

Say them short a, e, i, o, u Let's rock the vowels a - a - a - a - a e - e - e - e i - i - i o u - u - u - u - u - u

Let's rock the vowels
With a rockin' sound
Let's rock the vowels
You hear them all around
We'll say them short and long
With a rockin' song
We'll say them short and long
With a rockin' song
We'll say them short and long
With a rockin' song
Activity Suggestions

"Rockin' the vowels" is easy to do and your kids will learn their long and short sounds, too. After each letter sound or pattern there is a spot for the children to repeat that same letter sound or pattern. To help the kids visualize the vowels, you can make a big book that shows each of the letters along with the patterns used in this song.

13. Do You Feel Like Rockin'

"We were in school the other day It was a usual kind of school day Our teacher was telling us All about this and that Then the weirdest thing happened Our teacher went into the closet And pulled out an electric guitar and said..."

I like rock 'n roll I think you do, too Now I've got a question A question for you

Tell me now do you `feel like rockin'

Tell me now if you've got that rockin' feelin'

Then move your hips if you feel like rockin'

Move your hips if you've got that rockin' feelin'

You like rock 'n roll You know I do, too We've got some more movin' That we need to do Shake your head if you feel like rockin' Shake your head if you've got that rockin' feelin'

Dance about if you feel like rockin' Dance about if you've got that rockin' feelin'

Clap your hands if you feel like rockin' Clap your hands if you've got that rockin' feelin'

Come on and shout if you feel like rockin' Come on and shout if you've got that rockin' feelin'

Tell me now do you feel like rockin' Let me know if you've got that rockin' feelin'

Activity Suggestions

The answer to this question should always be YEAH, which is what the children will say after the first line of each verse. The rest is easy. Simply follow all the movement instructions that Stephen sings in each verse. So break out your "air guitars" and get that "rockin' feelin'."

14. Every New Day

Every new day that we share We grow a little more We learn a little more And I do believe Each morning we know where to start

Every new song that we share We plant a little seed A loving little seed And I do believe A song has bloomed here in our hearts

Repeat Verses

I do believe A song has bloomed here in our hearts And I do believe A song has bloomed here in our hearts Every new day

Activity Suggestions

This rock ballad can be used at the end of the day as a simple group song to transition everyone down to a slower pace and signal the end of school. It can also be a springboard for group discussion. Ask the kids what else we do during "every new day" or what else can happen with "every new song that we share." Talk about how music makes you feel and what you like about music.

15. Share It With You

So now our day is done
It's time to say farewell
What will tomorrow hold
You can never tell
But I know that we will
Sing and learn and play
And when we're back together
We'll rock the day away, we'll sing...

Na-na-na-na-nah
The day has just begun
So much for us to do
Out underneath the sun, and we'll sing
Yeah, yeah, yeah, yeah
Everything is new
And it's been great just to share
it with you

It's been great just to share it with you It's been good just to share it with you
